

NeutralPosture

renati™

Renati merges function and simplicity into an affordable solution that looks and performs like a chair twice the price.

Renati is also available as a stool or as part of the N-tune® Seating System.

renati

Budgets are met, design goals are achieved and user comfort is satisfied when specifying Renati for your work environment. Users will appreciate the easy-to-reach control mechanism and arms adjusting in two directions—height and depth. Specifiers will appreciate the vast selection of upholstery choices from our Graded-in programs.
